Task:

- Created a vertical vehicle counting line on the video to count the number of vehicles that pass through that particular line.
- Changed the code that was for an image initially to a video.
- Researched approximately 5 datasets and ran the code on all of them

Outcomes:

- We were able to successfully run the code on all the 5 datasets

Future Work:

- Work on report and presentation based on the results achieved
- Save the data to CSV file
